### MIKE MURPHY GIVEN DECISION OVER ROGERS

The boxing bout in the Memorial Hall last Friday, had a very small attendance, in fact, so much was this the case that a special collection was necessary in order to reach the minimum amount that was necessary to induce Murphy to enter the ring.

After Stimpson announced the amount that was collected, and called for volunteer contributions in order that the contest might proceed, in a few moments the doors and side-entrances from all directions, and the money was soon in a position to announce that the amount needed had been secured.

The main event between Mike Murphy and Tommy Rogers was a real exhibition, in which the champion, Murphy, used the very best of general tactics to save his bacon. But it was quite apparent that Rogers was a more scientific boxer.

Murphy's judgment in playing a defensive game was excellent, and left him in the shape to make a whitening flinch in the last round.

Rogers was the aggressor throughout the contest, except the last round, and in the judgment of the fans would have the winner on points in at least seven of the ten rounds.

In the tenth round Murphy out-boxed, and gave Tommy rather the worst of the battle.

In the wisdom of one, J. A. Vance, who acted as referee, Rogers had only made one in four rounds, but he gave his decision in favor of Murphy. This decision was a very unpopular one with the spectators, nor so much that Rogers, who is very popular in Strathmore, was defeated, but it was because they considered that he was not fair.

If boxing bouts are to be continued in Strathmore, it will be necessary in future to have them controlled strictly, and it would be better to have the selection of the referee to Ted Dehann, who will see that an experienced referee is in the ring.

If such cannot be arranged, then it would be well to call it a day as far as professional bouts are concerned. But that the Bow Valley fans want is that such contests be given a square deal, and they will not support anything that has even the appearance of a sham.

The Dixon Mitts were the first attraction, and gave a pretty exhibition. Bartling Wright and Sluening Kneeling next appeared, and gave a very splendid exhibition, when the decision was given to Wright. These youngsters were very willing fighters. Herbert Ellison and Ernie Anderson put each other through their paces at a rapid pace, and the bout ended in a draw.

Bobbie Anderson and Mickey Bernard had a lively go which also ended in a draw decision.

In the semifinal Joe Wilson, of Calgary, was too good a fellow to make an exhibition of Flash O'Brien, and the crowd were disappointed that O'Brien was incapable of making Joe extend himself.

The irrepressible Barney Dixon was much in evidence, and was blamed by those present for everything that went wrong. But Barney was on his best behavior, and beyond threatening to exterminate the war, he was not a bad actor at the hall, although it is reported that some "hot talkers" took place down town after the bout was ended.

### CHEADLE

Mr. O. Edwards has returned home after a short visit to his old home in Indiana, U.S.A.

Mr. Grant Craig is visiting for a few days at Nanaimo, B. C. He is attending Grand Chapter of Royal Arch Masons in Calgary.

The Cheadle Ladies Club what drive on the 17th, was attended by a good crowd, and every one had a good time.

Mr. and Mrs. A. Pierson, Mr. and Mrs. C. Cowell and Mr. and Mrs. Rube Edwards have all returned from their holidays.

A number of young folks attended the dance at Landon on the 18th.

Mr. Will Reid is holding an auction sale on the 21st. We have not heard where Bill is going, but he is going to farming for a while. The district will be sorry to see Mr. and Mrs. Reid leave the district.

Mr. and Mrs. Charlie Hattell are now on their new farm, the old Lindsay place.

### HIGHWAY ENGINEERS OPEN NEW TOURIST WORLD

A whole new realm will be opened for tourists this summer when highway engineers construct a little stretch of eleven miles of motorway that bore the way to the Peace River country. The time is not far distant, indeed, when the enterprising motorist may drive almost to the Arctic Circle, for already work is going forward on a road to Fort Vermilion, 150 miles beyond Peace River on the banks of the Mackenzie.

Fort Vermilion already has its motorist conveniences. J. J. O'Brien, of the Northern Supply Company, of Peace River, probably the furthest back automobile dealer in Canada, told a Chevrolet convention in Edmonton that he had recently shipped a Chevrolet to Fort Vermilion, and planned to send several more in very shortly.

Mr. O'Brien astonished his hearers, and indicated some of the good times in store for visitors to the Peace River country when he said that already in this district there were hundreds of miles of good roads. One stretch in particular, he stated, was 45 miles long. The Peace River municipalities, with a population of more than thirty thousand, were less burdened with debt than almost any other municipality in the province of Alberta, and they were paying particular attention to the roads.

Throughout the northern part of the Peace River country, said Mr. O'Brien, the company has seven garages and experts to sell well over two Chevrolet during 1927. The high producing power of the north is indicated by the fact that already they have shipped over six million barrels of wheat.

"People down south do not realize that the Peace River country is the garden of Canada," said Mr. O'Brien to an interviewer. "It is the warmest part of Alberta; for the mountains to the west are lower than in any other part of the Province, and we get the temperate winds from the Pacific."

When Herman Trolle, of Weaverville, brought home to the Peace River district by winning the world's championship for wheat most people thought he was creating a precedent. But Mr. O'Brien pointed out as far back as 1895 the world's championship was won at Chicago with wheat grown by the subson at Peace River. There were no entries in the district, and but the nation farmers demonstrated the country's possibilities. And today the immense, pioneering, again, are growing first-class wheat and breeding fountains on the Mackenzie River below Fort Vermilion in the land of the midnight sun. "I believe that a very short time wheat will be grown right up to the Arctic Circle," said Mr. O'Brien. "Settlers are only waiting transportation to enable them to get their crops out; and each year the railways are pushing farther north from Peace River."

No wonder crops spring up as if by magic in this wonderful northern empire. Flanned by the warm Chinook winds often sooner than in any other part of the west. Time to coax up the green shoots, twenty hours of sunshine are the gift of each Spring day.

It is a romantic story that Mr. O'Brien tells of the conquest of the Peace River country. When he and his brother trekked up the three-hundred mile trail northwest from Edmonton in 1815 it was a ranchers' country. The brothers joined the ranks of the ranchers, but gradually they watched the district fill up with farmers until their hands were no longer able to roam at will. And it seemed almost in the twinkling of an eye that the machine had been pushed further north to make room for a prosperous farming community.

Those were the days when wagon-load after wagon-load of pioneer families loaded their carts with flour and supplies to start into the unknown. Twenty-five hundred pounds was a common load at that time, but at each middle part of the supplies had to be cached, so that even up to the present time piles of flour are found along the road. Few are lucky enough to reach Peace River with more than seven or eight hundred pounds of supplies. The settlers who went up in those days were hardy fellows, and some of them suffered so much in the depression a few years later that they left the land they had won. And now Mr. O'Brien says that already in 1927 he has sold seven carloads of farm machinery and supplies.

After finding that nowhere else can one find such a wide variety of things they make a better success of life than what does a one-legged man do when he wants to kick somebody? Which

### TUNNEY ANXIOUS TO MEET DEMPSY

Gone Tunney, world heavyweight boxing champion, expressed satisfaction when informed that Jack Dempsey was ready to meet all comers in his campaign to regain the title as lost to Tunney. "It's the best news I have heard of," said the champion. "I am very glad of it. I have always felt that Tex Rickard's plan for an elimination series would bring to the fore the logical contender and the man best fitted to fight whoever he might select."

"I would have been glad to have given Dempsey first chance at the title as so many of his friends believe he was not fit last September. At the time I have been so thoroughly in accord with Rickard's idea that I felt myself bound to fight whoever he might select."

"Now that Dempsey has decided to take part there will be no question when the trade is even as to the man who may be named."

### A GREAT STUNT

JACKSONVILLE, Ill.—Winard Lee, 12-year-old youth of Jackson, Ill., student at the Illinois School for the Blind here, gave a unique exhibition of his basketball player. Lee, who is totally blind, dribbled the ball on the floor, up to the basket, shot the ball, recovered the ball dribbled to the basket at the other end of the floor and shot the ball again. He followed this by shooting three consecutive field goals from near the basket.

### NIGHTINGALE

Mr. and Mrs. J. C. Bush left on the "Nightingale" liner to be Calgary visitors.

Mr. E. M. Stoddley, who was quite ill last week, is much improved.

Mr. and Mrs. George Walker have been enjoying a holiday at Calgary. Mrs. J. M. Belmont of Calgary is the guest of her parents, Mr. and Mrs. Douglas.

The Women's Institute held a very interesting meeting last week, which was addressed by Mrs. Jacobs.

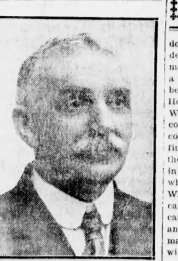

Mrs. Barnes has been a guest at the home of Mr. and Mrs. Arthur Kimmet.

Mrs. Ted McManis has recovered from her recent illness.

R. A. Lambert has returned from Boulder, and reports a very heavy snow fall in that district.

Clas Belmont is removing to the Lehigh district, where he will engage in farming.

James Horton and wife are expected shortly from England. They will reside on F. A. Cott's farm.

SIR PATRICK McGRATH  
Who compiled and assembled the material used by Newfoundland in establishing his claim to the Labrador coast, has won the decision an exceeding all Newfoundland's expectations.

### CARSELAND

The other evening the East bound express woke Smithy up, and as he had convinced himself that he had done all the work around the Chateau the day before, he had more or less worked himself into a semi-nervous condition, so that when his early slumber had been disturbed he was unable to resume it. As he lay in his bed, a number of questions pressed upon his mind, and he asked himself, "What does a one-legged man do when he wants to kick somebody? Which

If anyone can help this bright young man with his problems, his friends will appreciate it.

### STANDARD

A carload of five tractors were unloaded last week for the international Harvester Company.

Miss M. Marquardt entertained a few of her friends at a birthday party at the Dania Hotel on Thursday evening.

Mr. and Mrs. J. J. Peterson returned from Calgary on Wednesday.

Mr. and Mrs. Sidney Peterson went to Calgary on a birthday party to a short holiday.

The Balminton Community Club staged "In Play, The Clergyman's Story" in the S. and S. Hall last Friday night. They played to a capacity

MISS HELEN RATHBONE  
President of the National Union of Rural Citizenship, headed a delegation of women who called on President of the British Empire to present a petition that the ballot age for women should be changed from 21 to 23.

audience, and their efforts were very well received. Following the play the Standard orchestra supplied the music for a lively dance. We hope the club will return next year with another play.

Mr. and Mrs. F. S. Horton have returned home from the East, where they spent the winter months.

## WEATHER RECORD

The Standard publishes the weather record each week through the courtesy of the Canadian Pacific voluntary observers station at the Strathmore Irrigation headquarters.

While the information is most useful, it will also be of interest to review the totals for the year.

The precipitation is now being observed at 16 separate Watermeters and District Headquarters, which gives us an unusually accurate average for the general district from Chestermere to Cluny, and from the Bow River to the Rosebud Creek.

The average precipitation by months for this area is as follows:

Month	Inches
January	0.39
February	0.89
March	0.44
April	0.23
May	0.41
June	0.31
July	0.69
August	2.77
September	1.61
October	0.15
November	0.35
December	0.25

Total for the year 15.87

The monthly precipitation and mean temperature at Strathmore was as follows:

Month	Precip.	Temp.
January	0.37	24.9
February	1.41	21.37
March	0.27	32.26
April	0.19	42.06
May	0.29	52.96
June	0.27	56.76
July	0.68	64.85
August	2.24	56.76
September	2.57	41.75
October	0.31	42.75
November	1.10	21.80
December	0.26	12.80

While there was considerable moisture in the fall of 1925, amounting to 5.73 inches from September 1st to December 31st, there was only 2.36 inches of precipitation from January 1st to June 1st, 1926, and crops suffered for want of moisture more or less up to the heavy rains beginning June 19th. Some rain occurred from June 9th to 12th, but mostly very light showers. July was a very dry month. In fact the driest since July 1917.

A marked feature of the season was about 2½ inches of rain the last two days of August. This rain and continuing wet weather through September, delayed threshing and reduced the grade of the grain crops, but on the other hand, has provided from September 1st to December 31st, 5.49 inches of precipitation, which, with the 2½ inches occurring the last two days of August, makes a total of 8.08 inches of moisture for starting the 1927 crops.

The yield of wheat follows closely the total precipitation from September 1st to September 1st. The amount of moisture required for a maximum yield is usually taken to be about equivalent to that available in the season of 1915.

From September 1st, 1914 to May 1st, 1915, there was 4.75 inches of precipitation. This was followed by May with 2.31 inches.

June with 5.99 inches, July with 4.97 inches, August with 1.58 inches.

A total of 14.89 inches for the four months of growth.

## CROP REVIEW FOR 1926

The crop from the Western Section Water Rights Lands for 1926 was somewhat less than for 1925, but about equal in value to the crops for 1923 and 1924.

There was a little over 260,000 acres in crop, and the value of the crop has been estimated at about \$5,271,000.

This was divided between 890 resident farmers and the absent owners of rented farms, which shows a high return compared with most places.

The wet weather at harvest time greatly reduced the value of the grain crop. The quantity of grain produced was lowered by half losses particularly along the Bow slope from Delnecourt to Glenora.

The 1926 census of the water right farm units shows the following values: Total acreage value — \$1,628,746.00; Total building value — \$2,754,992.00; Total livestock value — \$1,232,471.00.

TOTAL \$5,747,209.00

The census figures for the drylands on the Western Section have not been taken, but are estimated to be at least equal in value to the above.

There was a total of 19,561 acres irrigated in 1926, of which 16,725 acres were in crop and produced on the

average \$5.00 per acre more than the average for nonirrigated crops. The long growth in the early part of the season and ending about June 19th, made irrigation very desirable. The irrigated hay fields produced on the average 2½ times the average unplanted yield per acre.

There was a total of 158,548 acres in wheat on the farms for which returns were taken, and the average yield was 18½ bushels per acre.

There was only \$5.00 acre in hay and the total livestock in the district is less than it was five years ago.

The irrigable lands are capable of raising hay under the most favorable conditions, and an increase in livestock and hay is most desirable, and it carried on in a proper rotation would result in more grain being raised on account of increased fertility and less soil drifting, fewer weeds, etc.

The rotation of wheat and sweet clover has also been suggested, as the most practical method of keeping up wheat yields. Incidentally, this would also afford some cheap feed for stock.

The oat crop in 1926 was poor, running only 21½ bushels per acre as compared with an average of 22½ bushels per acre in 1916, which was our best year for oats. The acreage in oats was only 20,166, the least of any year of record since 1919.

## True Distinction

Beautiful Chevrolet  
Chevrolet History

NOT merely to provide an economical means of transportation has been the aim in the making of the Most Beautiful Chevrolet—but to produce a car, at low price, which would satisfy the motorist's finer tastes.

True distinction is evident in every line of the Fisher-built Bodies of the Most Beautiful Chevrolet in Chevrolet history. Refinement and good taste are reflected in the new Duro colorings—in the rich, luxurious upholstery—in the handsome new radiator design—in the massive full-crown fenders—in the fine-quality hardware—in the completeness of the appointments.

As there is the quality of the thoroughness in the appearance of the Most Beautiful Chevrolet in Chevrolet history, so there is the same quality in its performance. New refinements, added to the smooth, powerful Chevrolet engine (the New A.C. Air Cleaner and Oil Filter, for example) offer definite assurance of longer life, better operation and greater economy.

The Most Beautiful Chevrolet in Chevrolet history is now selling at NEW and LOWER PRICES—the lowest for which Chevrolet has ever been sold in Canada.

NEW LOWER PRICES  
Roadster, \$655.00  
Coach, \$760.00  
Sedan, \$865.00  
Cabriolet, \$950.00  
Commercial Chassis, \$690.00  
Price of Factory, Oldsmobile—Government Tax Extra

STRATHMORE

ALBERTA

Very small acreages were sown to barley, rye and flax, not because good grain cannot be raised, but simply because wheat on the average, is the most profitable grain crop to soil, and at present little grain is raised for feed.

## WHEAT POOL NOTES

Out of a total of thirty-six members of the Alberta Legislature, who are farmers by occupation, thirty-two are members of the Alberta Wheat Pool.

The making of the Interim Payment of Life a bushel by the Alberta Wheat Pool requires the issuing of approximately 25,000 cheques and advices.

The late cheques (for wheat received after the cutoff) will be out by the end of the month. The total distribution of money in the making of this Interim Payment is about six million dollars.

The Wheat Pool is warning members against purchasing for seed any of the so-called "mummy" wheat which has been advertised. "Mummy" wheat is supposed to have been found in tombs of ancient Egyptians, buried four thousand years ago. As a matter of fact, wheat loses its germinative power after comparatively few years.

This "mummy" wheat is really an inferior grade of Durum.

With the anticipated leasing of Government Terminal Elevator No. 2 at Vancouver, the Alberta Wheat Pool will have close to three million bushels of terminal elevator facilities on the Pacific coast to handle the 1927 crop of wheat. The Prince Rupert terminal has a capacity of 1,250,000 bushels, and No. 2 at Vancouver 1,600,000 bushels.

Since the formation of the Wheat Pools in Western Canada, over half a billion dollars have been distributed to 1750 members by the organization. From the 1926 crop the Alberta Pool has distributed about forty-six million dollars already, with further payments yet to be made.

## Weather Report

March 16th to 22nd, 1927

HON. R. G. REID  
Provincial Treasurer

#### TO OUR READERS

The Standard will be glad to have the names of visitors in town and accounts of various social events for publication. Such communications should be signed and the address of the sender given. Readers in the surrounding districts are especially invited to send us news. We want to cover the whole Bow Valley. Make the Standard and Your Home Paper.

#### THE LITTLE COUNTRY PAPER

It's no sixteen-page edition that expresses big men's views. And it's not filled with pictures, nor with telegraphic news. It isn't printed daily, with an "extra" every hour. And the editor's not bragging of his influence and power. It may have its faults and errors, but all these I will forgive. For it's printed in the country 'way back where I used to live. It is only issued weekly, and it's not made up for style. But when it arrives I gladly put the daily by a while. I don't read in it's pages what the wise and great say. But I see that "Bliss Jinger brought some word to town today!" And that "Grandma Parks is better," or that "Old Bill Jones is dead." And it tells just what the parson in his Sunday sermon said. I can see again the faces of the friends I used to know. In the old and distant fancies of the happy Long Ago; And that "Uncle Nathan Smith predicts an early fall now." Or that our debating club will give a sociable next week. At which our fellow-townsmen, Almer Baberton, will speak. There are never learned answers on the questions of the day. But it says that "folks are looking for another rainy in May." I can see no glaring headlines of the last election fight. But it says that "Tom Shaw married Ella Riperton tonight." And my thoughts somehow grow fondly or when the old folks name I see. Telling that the "Rev. Tompkins was invited there to tea." It may be crude and homely—that same little country sheet.

And the make-up of its pages may be rather obsolete; It is damp when I unfold it, and it yet is always new and welcome and I read it every word. And no reading to a city man a greater joy can give Than the little country weekly printed "where he used to live."

—Gualadale (Tex.) Gazette-Bulletin

Rev. J. T. Smith, who has been rector of St. Michael's and All Angels Church for some months, is returning in April to England, after many years in Canada. Mr. and Mrs. Smith have made many friends during their stay in Strathmore, who will regret the decision to leave for the old land.

The St. Patrick's Tea, given by the Anglican Ladies Guild on Saturday was quite a success.

Walter Hagen Dunn, of Calgary, was a week end visitor. He came specially to get the balance of his clubs, which he could not manage in one shipment, without having to pay excess baggage to D. A. Perry.

Kathleen Greene, United Church, March 20. Everybody likes to hear Kathleen Greene.

Bliss Gray and Ray Melvin were in Brooks at the organization of the new Elks Lodge, and assisted "Tom" McKinley, the Grand Organizer, installing the new officers.

"Tony" Grogan was in town on Tuesday, and reports the condition of the roads between here and Carleland as being very bad for foot passengers. He says he will surely welcome the good old summer time.

Kathleen Greene at United Church on Wednesday, March 20.

### Locals

The labor problem will soon be solved at the home of M. Miyashita, Lyalta; a young Jap reaching his destination a few days ago.

Excavator Harold and Mrs. Bell are expected in town to attend the Firemen's dance on Thursday night. Harold just can't cut loose from Strathmore.

A number of friends were at the station on Wednesday to wish Mrs. Quinn farewell and a pleasant voyage to England. Mr. George Quinn accompanied his mother as far as Medicine Hat.

Mr. Don Brant, supervisor, controller, promoter, etc., etc., of irrigation, at Brooks, was in town on Wednesday, and looking the possibilities of the Brooks' district, and reporting that banana crop is well advanced for this season of the year.

Alex Gray, who has just returned from Scotland, was much impressed with the type of boys (about two hundred) that came over on the same vessel he did, under the auspices of the Salvation Army. The lads were very fine specimens, and in Mr. Gray's opinion, the majority of them will make good.

"Ted" Harrell thinks this is going to be a great year, and everything is coming his way, already he is the proud possessor of a charming daughter, who has decided to take up residence with the "happy Ted".

T. E. Wright says that everyone who attends the Firemen's Dance on Thursday night, will be very much interested in a very pleasant event that will take place. You ask for further information, and he only smiles and says "be on hand or you will be sorry" and Tommy usually knows.

"Tony" Grogan had the blues on Tuesday, he having just received a message that an old time friend of his, who is a clergyman down in Montana, and who was an old schoolmate of Tony in Ireland, had had the misfortune to have one of his lungs punctured, which would materially interfere with him in his pastoral work.

W. D. Fredericks is stopping high and mighty this week, the work having presented him with a fine husky 12 pound boy, the image of his grandfather, Mr. Archie McLean, of Niagara.

The Adonides L.U.P.A. will put on a lantern show and dance in the service school on Friday, April 1st, starting at 8:30 p.m. Admission, 50c. 50c, ladies please bring cake, children under 14 free.

The weather man upset the plans of Chief McFarland for the Firemen's Dance, but Councilor Schulte is prepared to shake his reputation as a weather prophet that Thursday night will take place, and that you will have a good time if you attend the Fire-Lad's Dance.

Miss Esther Zerkle sang a solo at the United Church on Sunday evening.

The Canadian Legion holds a Vimy Banquet on April 8th, in the Memorial Hall.

The 27th annual auction sale and show of purchased bulls, will be held at Calgary from March 28th to April 1st. The judging will take place on March 28th and the sale on March 29th and 30th.

The local Registrar of Vital Statistics has received official notice from the Registrar of Orange, N. J., U.S.A., of the death of Ella Lucretia Matthews, born in March 18th last. The cause of death was given as bronchitis following influenza.

Kathleen Greene at United Church on Wednesday, March 20.

Mr. Frank Shively had disposed of his Christie farm of 350 acres to Mr. Joseph Bartlett. The reported price is \$18 per acre, spot cash.

Alex Gray, who has been holidaying in Scotland, arrived back on Sunday, looking fit as a fiddle, and nighty glad to return to the Land of Sunshine. Business conditions in Scotland, Mr. Gray reports, are improving, but at the same time, quite an extensive immigration to Canada will take place this season.

Mr. Mayor and Mrs. Harold Bell, Mr. Mayor Butler and Mr. C. W. McMillan, all of Calgary were Strathmore visitors this week.

### CARLESLAND

The U.F.A. and U.F.W.A. dance held on March 18th, was a great success, many from outside points being in attendance. The supper by the ladies was hard to beat.

Mrs. Haskayne and son arrived back home. Stan has been a patient at the Holy Cross Hospital.

The home of C. C. Melendy was the scene of a disastrous explosion during the week, from the air tank wrecking the house in a general havoc. Luckily no one was in the premises at the time of the explosion.

Mrs. H. Hill is spending a week with Mr. and Mrs. Norman Mutch, recuperating from a severe illness.

The Ladies Aid held a very successful tea and sale on St. Patrick's day.

Mr. Oscar Moe, justice arrived home on a "chaperone" as a participant in the Scottish Nursing Home.

Mrs. William Greenwood returned home after treatment at Dr. McGillin Electric Hospital.

Miss T. Franks, of the Hollywood Laundry Parlors, Calgary, will visit Carleland every Wednesday, at the Carleland.

Miss Brown and Miss D. Myers were visitors to Namska Sunday.

C. F. Davone, of Brooks, late of Carleland, is spending a holiday in town.

The Namska U.F.A. District Association will hold its next meeting at Macleodbrook Hall on April 7th, 1927, with order and roads permitting, and starting at 11 a.m. At U.F.A. and U.F.W.A. Locals are expected to keep the date in mind. Mrs. Carby and Mr. and Mrs. H. K. G. Schofield will be there to advise the meeting.

At the time of writing we learn that Mr. and Mrs. Jos. Nelson and family, also Mr. and Mrs. S. C. Nelson are on their way home from California, where they have been spending the winter months.

Grant Short, an old-timer south of the river, this spring will be local farm manager for our local councillor, Edward Nelson.

Harold Smith, of the Carleland Chorus will journey to Calgary on March 25th, to take in the initiation program of the Calgary B.F.O.E. Lodge No. 4. Smith has been expected to take his leave along.

J. Duggins will move to his new home, the Campbell Evans farm, the latter part of the week.

A Novelty Evening will be held in the Community Hall, March 25th. The Dramatic Society will put on a play, followed by a dance put on by the Carleland Hall Committee.

immediate settlement.

## ROCKYFORD

Mr. Skinner Katterhagen has taken  
over the agency for the Maple Leaf  
Oil and Refining Co., and will in fu-  
ture do business in the building lately  
occupied by Mr. Leon Perkins.

The St. Patrick's dance in the  
Rockyford Hall was one of the most  
successful evenings this winter. The  
crowd, though not very large, was just  
right to insure plenty of room in danc-  
ing, while the Jolly Boy's orchestra  
was well up to form, and all who took  
part thoroughly enjoyed themselves.

If you have any news for this col-  
umn please phone R720.

It is to be hoped that the present  
fine weather will last so that farmers  
may get things lined up for spring  
work.

Mr. A. H. Brevell has disposed of  
his interest in the Rockyford Drug  
Store to Dr. Hewson. Shortly will in  
future devote the whole of his time to  
handling of His Majesty's Mail and  
Telephones.

Mr. and Mrs. Tom Rogers returned  
on Saturday from their holidays, and  
are now moving to their new location  
at Crathmo Headquarters of the C.P.R.  
We understand that Mr. Thomas will  
be taking charge of the Swainsville  
district vacated by Mr. Rogers.

We are glad to be able to report that  
the epidemic of small pox is over in  
Rockyford. Great credit is due to the  
authorities for the manner in which the  
outbreak was handled.

Most of the executive men in this  
district are now members of The  
Canadian Legion of the British Em-  
pire Service League. There are still a  
few, however that have not joined up  
yet. They should have no time in  
becoming members, as it is only by  
sticking together in peace as we did  
in war that we can help our comrades  
in need to get a square deal. Any vote  
wishing to join should communicate  
with the secretary of the Strathmore  
branch, later it might be possible to  
form a Rockyford branch.

Most of the farmers of the district  
who have been away for the winter,  
came back to Rockyford during the  
week. We noticed among those who  
returned: Mr. and Mrs. Louis  
Llopel, Mr. and Mrs. D. P. Hovey and  
son, the Garbars boys, and Mr. and  
Mrs. A. Kattenbach.

Mr. Ralph Stone and son have re-  
turned from a visit to her mother at  
Isle Island.

Mr. Short reports that a navigator  
must have his work cut out to reach  
her boat to town now that the roads  
are in full flood.

## ROSEBUD

Mr. and Mrs. John Martin are being  
congratulated on the birth of a  
daughter, born in Drumheller a week  
ago.

A great many changes have taken  
place in Rosebud district this spring.  
Gauls Bros. have sold their land to  
Albert Saller, and will be having a  
sale of their effects in the near future.  
W. J. Elzer has sold his land and equip-  
ment to Noy Bros. of Minnesota. We  
understand that both of these trans-  
actions were at good figures. Mr.  
Jas. McKenzie held his sale last week  
and it proved quite successful in spite  
of the blizzard and a small crowd.

This is the third time Mr. McKenzie  
has planned a sale, both previous  
sales being cancelled on account of the  
weather last fall. We understand that  
the Poole farm, north of Rosebud, has  
been sold. Mr. and Mrs. Houston, who  
have been occupying it, have rented the  
Prairie farm, south of Rosebud.  
Mrs. Houston and the children will re-  
turn very shortly from Scotland, where  
they have been spending the winter.

Mr. G. A. Jackson has taken over  
the Harbour place, east of here. Mr.  
Jackson has been occupying the Pot-  
ter place. We understand that a  
Scottishman will take over the Potter  
place.

Mr. Norman Leck returned last  
week, after spending the winter with  
relatives in New Brunswick.

Mr. H. C. Barr met with a serious  
accident on Saturday, when he slipped

## General News

During the month of January of  
the present year automobile produc-  
tion in Canada has increased 34 per  
cent over and above the production  
for the corresponding month of last  
year, being 15,375 cars, as compared  
with 7,552 for the previous year. Al-  
most half of the cars produced were  
for export, according to the Domini-  
on Bureau of Statistics.

In memory of The late Col. George  
H. Blair, of Montreal, donor of railway  
property near North America, a  
beautiful memorial park is being  
devoted over the base of St. John's  
Church at Whistler, the numbers  
as the Victoria Canadian Press Club  
The late Col. Blair died in Montreal  
on April 12 last.

New Japan — Eleven passengers  
on the Grand Pacific cruise of the  
Canadian Pacific flag ship Em-  
erald recently squeezed through a  
rectangular hole in a pillar just  
above the main stage of Buddha  
in the Indian Temple here yester-  
day. Carefully choosing, according to  
ancient tradition, the short road to  
Paradise.

The Board of Control at Toronto  
have formally accepted the offer  
made by Sir Leicester Harcourt,  
Governor-General, of a portrait of  
General John Graves Simcoe, after  
which the County of Simcoe was  
named. General Simcoe set up  
his first government at York  
now Toronto. The painting will be  
hung in the Toronto City Hall, al-  
ready adorned with a collection of  
historical paintings recognized as one  
of the finest of its kind in America.

"Ave atque Vale" (Hail and Fare-  
well), echoed through the austere  
premises of the Canadian Pacific  
Railway office since Monday in Mon-  
real recently, when the Westminster  
Boys Choir, in token of their appre-  
ciation and thanks for the care and  
the luxury taken in their behalf  
during their 4,000 mile tour of Can-  
ada which they completed on March  
16, when they sailed on the C.P.  
liner Minotaur, sang a parting song  
in Latin for E. W. Kealy, chairman  
and president of the company, for  
whose care they had made their  
memorable journey.

The Excellencies the Governor-  
General and Lady Willbourn will be  
given a warm welcome on the occa-  
sion of their first visit officially to  
Western Canada, the many courtesies  
through which they will pass are al-  
ready preparing to receive them.  
They will leave Ottawa by special  
Canadian Pacific train March 18, and  
are scheduled to arrive at Van-  
couver March 25. Leaving the land-  
ing they will go on to Victoria the  
same afternoon and will spend a  
couple of weeks visiting points of  
interest on Vancouver Island, re-  
turning to Vancouver April 10.

Back from a short trip to England  
on Canadian Pacific and Telegraph  
business, John Macmillan, general  
manager of telegraphs of the rail-  
way, returned on C.P. steamship  
Montcalm and has again taken up  
his duties. Mr. Macmillan signed  
the purchase of cables for the  
Pacific Coast in connection with the  
new overland cable wire for the  
second Australian cable was com-  
pleted last his trip. This ma-  
terial which represents a haul of  
a hundred miles in two sections of  
wire, was subjected under Mr. Mac-  
millan's supervision and will be  
shipped to this country early in  
April.

On the ice and broke his thigh. The  
Rockyford doctor attended, but it was  
thought advisable to remove Mr. Barr  
to the Calgary Hospital. Mr. Barr  
accompanied him on the trip.

The U.F.A. and U.F.W.A. held their  
annual St. Patrick's dance on Thurs-  
day evening last, and it proved to be  
the social event of the season. There  
were one hundred and fifty people  
present, and have reason to be proud  
of the splendid way in which the com-  
mittee of the District were represented.  
The music was good; the beautiful  
concoction covered every shade known,  
even in this age of color, and the  
lunch was a "U.F.A. lunch" which re-  
quired no further explanation. Mrs.  
H. C. McKenzie held the sale last week  
and it proved quite successful in spite  
of the blizzard and a small crowd.  
This is the third time Mr. McKenzie  
has planned a sale, both previous  
sales being cancelled on account of the  
weather last fall. We understand that  
the Poole farm, north of Rosebud, has  
been sold. Mr. and Mrs. Houston, who  
have been occupying it, have rented the  
Prairie farm, south of Rosebud.  
Mrs. Houston and the children will re-  
turn very shortly from Scotland, where  
they have been spending the winter.

On Wednesday last a marriage was

colonized in Calgary, which is of in-  
terest to the people of this district.  
Mr. Walter Hymas, eldest son of Mr.  
and Mrs. W. E. Hymas, of Rosbush,  
was married to Miss Bertha C. Thomp-  
son, of Calgary. Mrs. D. W. Deweller,  
Scarboro Avenue, who is an aunt of  
the groom, gave her lovely home for  
the occasion. Beautiful cut flowers  
formed the altar, and were used  
throughout the house. The bride was  
attended by Miss Jean Jeffries, and  
Mr. Howard Hymas supported his  
bride. Little Jean Gilbert played the  
wedding music. Mr. and Mrs. Hymas  
left late in the evening for  
Vancouver. They will spend their  
honeymoon in Portland, Seattle, and  
Vancouver, returning about the first  
of the month to the Hymas farm near  
Rosbush.

Mrs. Harry Archibald returned on  
Saturday evening after spending a  
short visit in Calgary.

Mrs. Chas. Rayburn left Saturday  
morning for Yakima, Washington. He  
was accompanied by Edward Foster,  
who will also make his home in  
Yakima for the present. Mr. Charles  
Gros also left Saturday for Wash-  
ington.

A "mixed brawl" was held at the  
Barlow home on Tuesday evening last  
when a splendid crowd turned out  
who will also make his home in  
Yakima for the present. Mr. Charles  
Gros also left Saturday for Wash-  
ington.

the first prize, and Mrs. Clark and  
Mrs. Lees consoling each other over  
the other two prizes. The party proved  
very successful.

On Saturday afternoon Mrs. W. J.  
Crowe entertained the members of  
the Ladies Aid at her home in Rosbush  
and about sixteen ladies were present.  
After the usual business was attended  
to the afternoon was spent in Aid  
dinner work. The hostess served a  
delicious lunch. She was assisted by  
Mrs. Brunner and Mrs. McCullum. It  
proved one of the most successful teas  
of the season.

We are sorry to report that Mrs.  
Abe Gross is still quite ill at her  
home. Her daughter, Mrs. Rayburn is  
taking care of her.

Mrs. Alf Vigar is still confined to  
her bed with neuritis.

A gold wrist watch on black band  
was lost at the dance on Thursday  
last, either in or near the hall. Will  
the finder please communicate with  
Miss Elsie Knutz, Rosbush.

Judge, your honor," cried the pris-  
oner at the bar, "have I got to be  
tried by a lady jury?"  
"Be still," whispered his attorney.  
"I won't be still! Judge, I can't even  
feel my own wife, let alone twelve  
strange women, I'm guilty!"

According to recent statements made by Walter Maughan, steamship passenger traffic manager, cruising to the four corners of the earth has come to stay. The traveller of the hour approves of the arrangements made by experienced hands, and of going arranged by the company. She will, in addition to touching many ports in the southern hemisphere not readily accessible to the tourist, pay calls once more, at the closing portions of the cruise, to the familiar ports of the Mediterranean.

### WHO WILL BE THE NEW CONSERVATIVE LEADER?

The selection of Winnipeg for the  
Big Conservative Convention, to be  
held for the purpose of selecting a new  
leader has developed much discussion  
throughout the Dominion.

At the present time but three names  
appear in the limelight with any degree  
of prominence.

Hon. Howard Ferguson, who achieved  
a very complete victory in the recent  
Ontario elections, Hon. R. B.  
Beaumont, the only true and tried Tory  
returned from the Prairie Provinces, and  
the present sitting leader, the  
Hon. Hugh Guthrie.

Hon. Arthur Meighen would no doubt  
be very much to the front except for his  
persistent statement that he wishes  
his resignation to private practice of his  
profession.

The Hon. Mr. Ferguson is considered  
by his supporters an able adminis-  
trator, and generally recognized by  
friend and foe alike, as a clever tacti-  
cian. He is a keen and decisive de-  
bater, and brilliant campaigner, and  
as proven in the recent battle, has the  
courage of his convictions.

The Hon. R. B. Beaumont, so well  
known in the district, is now recog-  
nized in the east as one of the most  
brilliant speakers in the House, carry-  
ing with him a very complete fund of  
information in connection with Cana-  
dian affairs, and his connection with  
financial and manufacturing interest  
in the east, makes him a very accept-  
able Western man to many of the  
Westerners, who are prone to look  
upon the west as the cradle and birth-  
place of everything that is red and rad-  
ical.

Hon. Hugh Guthrie, who accepted  
the temporary leadership, has been  
developing heaps of supporters within  
the ranks of his own party, through  
his application to the west, he has  
won with his skillful leadership in the  
House.

Possibly the greatest handicap that  
Mr. Guthrie has to overcome is that  
he at one time was a full blooded  
active Liberal, until he joined the  
government in 1915, and later became  
a member of the Meighen cabinet.

This should not be unaccountable  
for Mr. Guthrie, as a great many men  
now in public life, have changed their  
political views, for example, the Pro-  
gressive and Labor men, now Repre-  
sentatives in the House, but a short  
time ago were supporters of one or  
the other of the two old political par-  
ties, while outside the House, thou-  
sands of outtime party supporters  
have changed their political support  
at one time or another.

The fact remains that if men and  
women voters did not change from  
time to time in their political allegi-  
ance, there would be few political  
changes of parties in power. That a  
great many thousands of voters have  
gone from one party to another, for many  
and varied reasons, gives victory to  
the opposition, and places the reins of  
Government in their hands, until such  
time that the electors again desire a  
change.

Three changes of opinions arise at  
times, upon some important question  
of principle, but in many cases the  
voter affords his party for some  
very trivial personal grievance against  
the candidate rather than the party  
which that candidate represented.

### TO OUR READERS

The Standard will be glad to  
have the names of visitors in  
town and accounts of various  
social events for publication.  
Such communications should be  
signed and the address of the  
sender given. Readers in the  
surrounding districts are espe-  
cially invited to send us news.  
We want to cover the whole of  
Bow Valley. Make the Stand-  
ard and Your Home Paper.

### CANADIAN AUTOMOBILE INDUSTRY MAKING SPLENDID PROGRESS

Agricultural and Industrial Progress  
in Canada in commenting on the auto-  
mobile industry, has the following to  
say:

In all that pertains to the automo-  
bile Canada takes second place only  
in the United States. The motor car  
is a more common accessory to all  
forms of every day life in Canada  
than in any other country with the  
exception of the United States, and  
the per capita ownership of cars in the  
Dominion is, with the exception of  
that of the Republic, higher than in  
any other land. The manufacture  
of automobiles the Dominion stands  
seventhly high, having to provide for a  
large and growing annual replacement  
as well as cars for a substantial and  
increasing export trade.

Canadian automobiles are to be  
met with in the remotest corners of the  
realm, particularly in all sections of the  
British Empire for which the Dominion  
is an important source of supply.

The Canadian automobile industry  
is apparently making yet greater pro-  
gress under the protection afforded in  
the last budget whereby a drawback of  
25 per cent was granted on materials  
used in manufacture of cars where 50  
per cent of the cost of the finished ve-  
hicle is produced in Canada. The ac-  
tivity in Canada has an important  
standing, making sixth among the  
Dominion industries at the time of the  
last industrial census, when the value  
of annual production was 20 per cent  
less than it is to-day. The Canadian  
industry has largely been built up upon  
United States capital, not only with  
the object of supplying the large and  
growing Canadian market, but engag-  
ing in Empire export trade, for which  
Canada offers peculiar advantages.  
An analysis of the volume of invest-  
ment in the industry at the 1921 cen-  
sus showed it to be nearly eighty per  
cent American and about 20 per cent  
Canadian.

### BAITING GOVERNMENT IS A VERY POPULAR PASTIME

There has been a persistent demand  
in the Province for better roads, and  
the Provincial Government, under the  
Hon. Alex Ross, as minister of Public  
Works developed a Highway policy  
that is bound to produce results, and  
at a minimum of expense, if that pol-  
icy is continued by his successors.

In order to carry on this work ex-  
tensively, it is an unfortunate fact  
that real money is a necessity, and  
even the Farmer Provincial Treasurer  
has failed to find a plan of raising  
money without taxing someone.

The Calgary Herald is almost in a

### WHEAT POOL NOTES

The Wheat Pool is strongly ad-  
vocating that members sow only good,  
clean seed in order that the high qual-  
ity of Canadian grain may be main-  
tained. Wheat grown on the Cana-  
dian prairies has the reputation of  
being the best wheat in the world.  
The Pool is obtaining substantial  
premiums for its members' wheat  
over the prevailing prices for wheat  
grown in other lands. This high  
standard should be maintained.

Of late there has been a tendency  
for Canadian wheat to be a mixture  
of many varieties, some of which are  
very much inferior to Marquis. This  
is a dangerous drift and should be  
discouraged. The Pool is concerned  
in maintaining the high milling and  
baking quality which has made Cana-  
dian wheat very popular in importing  
countries.

The use of good seed means higher  
yields, better grades through maturing  
well and freedom from weeds and  
insecturities of other grains. Good seed  
permanently improves and uniformly  
gives a higher percentage of seed-  
lings capable of resisting unfavorable  
climatic and soil conditions.

Gorge Melvor, western sales man-  
ager for the Wheat Pool says: "From the  
standpoint of the wheat raiser it is  
always better to purchase than to  
sell. There is no question but that  
the world at large appreciates the  
quality of our high-grade wheat. In  
my opinion anything that the growers  
of this province might do in the way  
of purchasing pure seed will be de-  
cided aid to the Pool in the sale of its  
wheat in the world's market."

Charles Schwartz, young Kentucky  
millionaire, is to win the Derby with  
an American colt. He said that he  
has a yearling who is a full brother  
of Man o' War, which he intended to  
bring to England to enter the Derby  
in 1928. Schwartz broke into fame  
last year when his Jack Horner won  
the Grand National Steeplechase at  
Liverpool. Schwartz intends entering  
Jack Horner in the Grand National  
again this year, but it was discovered  
the horse had a sprained tendon  
which may prevent. Schwartz keeps  
in touch with his family and horses in  
the United States by a weekly tele-  
phone chat.

## Here and There

Well over two hundred members of snowshoe clubs in Montreal, and their centres in Quebec, left over the Canadian Pacific lines recently to attend the annual conventions of the Canadian and U.S. Snowshoe Union at Manchester, N.H.

Japan ranks third in world tonnage. Great Britain heads the list with an aggregate tonnage of 21,352,000 tons, the United States second with 13,740,000 tons and Japan third with 4,000,000 tons. Germany follows with 3,900,000 tons.

Nearly 100 messengers of the Canadian Pacific Telegraphs were the guests of the Company at a banquet in the Windsor Street Station hall recently. The complimentary dinner was tendered to the boys as a token of appreciation of the service rendered to the company and the public in their daily delivery of telegraph messages throughout Montreal.

Immigration to Canada for the calendar year 1926 was 135,984 compared with 84,907 for 1925, a gain of 60 per cent. Of the total new arrivals 48,819 came from the British Isles; 20,944 from the United States and 66,221 from other countries. Returned Canadians in the period totalled 62,293, as against 35,987 in 1925.

Figures submitted at the annual convention of the Nova Scotia Fishermen's Association showed 27 creameries operating in the province in 1926, producing 4,764,000 pounds of butter, or an increase of 10 per cent, over the production of 1925. The increase in value was \$423,616.

J. E. Martin, superintendent of the fish culture service of Alberta, announced that nearly 800,000 brook trout eggs have safely arrived from Wisconsin at the Banff hatchery, and that the trout, which are closely related to the Loch Leven trout, will be distributed throughout the tributaries of the Red Deer River, Alberta.

E. W. Beatty announced recently that the Canadian Pacific is to build a thousand room hotel on the site of the old "Queens" at Toronto. The new hotel will be on Front Street, opposite the Union Station, and will be the largest and finest of the former line of Canadian Pacific hotels, and it will be Toronto's first modern hotel entirely owned and operated by a Canadian company.

Canada's wool production in 1926 is estimated at 17,150,270 pounds, as compared with 15,535,245 pounds in 1925. The value of the clip of 1926 is estimated provisionally at \$3,750,000, as compared with \$3,601,000 in 1925. Ontario led in production with 4,026,213 pounds, followed by Quebec with 4,850,116 pounds. Alberta led in Western Canada with a yield of 2,440,000 pounds.

New trade arrangements will be made between Canada and Cuba as a result of the visit of the Canadian Minister of Finance to that country. Canada will receive preferential treatment from Cuba and the products of that country will be admitted to Canada on terms similar to those extended to France and other favored nations. During the twelve months ended November 1926, imports from Cuba totalled \$8,074,101 and exports to Cuba \$5,099,380.

Feled by the Governor of the State, the Mayor and many other prominent people of Columbus, Ohio, has been the experience of Sam Glode, Mianac guide of the Milford Camp in Nova Scotia, who arrived at the Windsor Station, Montreal, recently, on his return from a two weeks visit to Columbus, where he attended the convention and banquet of the League of Oils Sportmen. Glode is noted throughout the woods of Nova Scotia for his uncanny ability at moose calling, addressed the gathering of over 1,500 sportsmen on Canadian hunting facilities, particularly in reference to Nova Scotia.
